INCLUSIVE GIVING FOR THE SEASON

Connexion Conference & Event Centre Backs Community Care Programme to Support

Refugee Children at Learning Centre

KUALA LUMPUR, DECEMBER 2017 – Associates from Connexion Conference & Event Centre (CCEC) visited United

Learning Centre off Jalan Imbi on 8 December for the last Community Care Programme organised by UOA Hospitality

for 2017. The team contributed food for the learning centre's year-end celebration for the refugee children as well

as the volunteers who have been teaching at the centre.

The Community Care Programme also includes a Charity Drive where the associates of CCEC contribute to support

these children by collecting cash donations as well as other basic provisions and education supplies in kind. The

Charity Drive runs from 1 to 20 December at all UOA Hospitality properties and all the proceeds will be presented to

the learning centre on 22 December to help them in providing for the children.

As part of the festivities and to complete the celebration, the team also presented the children each with a Christmas

present during the event.

and shelter for 76 of these refugee children recognised by UNHCR.

"Refugees are different from immigrants. They are in a vulnerable position because they have no choice but to seek

asylum from persecution in their home country. This situation empowers us to reach out to help provide the basics

for them to start their lives again in safety and dignity," said Haikal Maarof, Director of Human Resources, UOA

Hospitality.

Other sustainable efforts to aid United Learning Centre from the team are already in the works to hold bi-monthly

educational sessions or soft skills training for the children as part of CCEC and UOA Hospitality's year-round CSR

efforts.

"The best we can do besides providing food and shelter is to educate and prepare them to be accepted by a third

country like the United States and Australia so that they can have a brighter future," mention Julian, a full-time

warden at the centre. "Without any English language skills, their chances are minimal. This also helps to keep the

children off the streets and safely away from human trafficking syndicates."
